10. BRIEF SUMMARY OF SIGHTING

Four (4) black objects, about the size of a pencil eraser at arms length, flying in a cluster, traveled a wide angle of observation in the sky and disappeared to the east. A "shooshing" sound accompanied this sighting and initially attracted the observer's attention to these objects.

11. COMMENTS

Due to the brevity of sighting and a delay in the forwarding of the preliminary report, no investigation was authorized.
