Rept

Lieutenant Colonel Leon Bugh
Office of Special Investigations
Griffiss Air Force Base
Rome, New York

Dear Colonel Bugh:

This is to advise that at 7:40 p.m., on November 13, 1957, [redacted] telephonically contacted the Albany Office of the Federal Bureau of Investigation and advised Special Agent Edward M. Nally Jr., of this office, that he was an executive with the [redacted] Motor Company, Canastota, New York, and that his wife, while returning from Oneida, New York, to their residence in Wampsville, New York, advised him that she had seen a flying saucer.

He stated that his wife is a very level headed individual, had not been drinking, and that he had no reason to believe that she did not see the object she described as a flying saucer.

Mr. [redacted] put his wife on the telephone and she advised that at about 7:30 p.m., on November 13, 1957, while she was returning from Oneida to Wampsville, New York, she had seen in the distance a flying object which she described as the size of a dinner plate. She stated that she saw this object approximately two miles in the distance and that this object was moving up and down; and from the right to the left and from the left to the right.

She stated that this object was moving very fast. She advised that when she came closer to this object, it

disappeared in a white flash. She could furnish no other information concerning this object.

This matter is being referred to your office for whatever action you deem necessary.

Very truly yours,

A Cornelius, Jr.

A. CORNELIUS, JR.
Special Agent in Charge

A Check with weather balloon schedules show a balloon was released from Syracuse just prior to time of sighting.
