Dear Jim:

Enclosed are all of the photographs that I have from the 1947-1949 ballooning in New Mexico. I think, however, that you already have the better photographs from this collection.

On looking through my file of negatives, I found no negatives from that era. Apparently, I was busy with the ballooning; others did the photography and gave me these prints.

You might contact Charlie Schneider in Augusta, Maine (telephone: 207 626 0554) and Dr. William D. Murray (135 Silver Fox Court, Greenwood Village, CO 80121 [telephone: 303 740 7801]) see if they have more pictures that may be of use. As I told you, I sent Mildred Crary several photographs of the balloon activities that contained Bert Crary in the pictures plus one of a General Mills 72.8 foot diameter balloon in front of the North Hangar (a copy of that photograph and of the copy negatives are enclosed).

Included in this packet are two pictures of the General Mills flights I made from White Sands in 1949 and 1950, carrying the ONR Special Devices Center free-fall test missile.

Please return the photographs after you have finished your publications involving them.

Regards,

Charlie
