Dear Gentlemen,

I would like to have your opinion on a matter very important to me. Since you are a UFO research institution I felt my letter should be directed to you. I have seen a UFO! I am not a UFO fanatic, but this did greatly alarm me! I shall try to describe it to you. It was a disc-shaped craft, about 30 feet in diameter. Its height was about 1000 feet when it was first spotted, then it came much, much lower, almost 20 feet from the ground. It hovered at a very rapid rate of speed. Its color was bluish-green. It came very close to me, in fact about 30 feet from me. After 15 sec. of hovering it zipped away at about 60 m.p.h. The date was July 10th, 1967. The time was at 9:30. There was no sound. Could you please send me a reply, telling me what

you thought it was, I would be very
ateful. As I said before this greatly
ncerned me! I spent some time deciding
whether or not I should report this, for
I was afraid people would call me hoaxer.
Once again please send me a reply, for
I would like your opinion on the matter.
You have permission to use my name
if you must.

Thank You,

P.S.
