Dear [redacted]:

President Johnson has asked us to reply to that part of your letter to him in which you told of seeing an unidentified flying object.

Unfortunately, you did not furnish enough information so that we could tell you what you saw. However, if you will complete the attached questionnaire and mail it in the inclosed envelope, our technical people at Wright-Patterson Air Force Base will be able to investigate further and make an evaluation.

Should you ever sight another unidentified flying object, please report it as soon as possible to the Air Force base nearest you. Each base has a UFO investigator, who is in a better position to make an on-the-spot investigation which usually results in a more accurate analysis.

In the meantime, we are sending you some literature that may help you identify the sighting. Thank you for reporting it to the Air Force.

Sincerely,

DEFENSE:

AF(E)

Dear President Johnson,

My name is [redacted]. I am a fifth grader. My father works at Norton air Fors Base. I hope I am not wasting your time. If I am, I'm realy sorry.

Our class is going a project on presidents. We each have a president to report on. I tried to pick you to report on but my class mate, Patti choose you befor I had a chance too. But still I am writing to you because I think you are a peaceful and a good president. I know you try to help soldiers in Vietnam because I heard you talk about it on television. I thought you were great.

I wish you could run for president again because you what to mean I'm you →

mean alot to others too.
Please write to me because there isn't anything else I love better than a letter from my favarite president.

P.S. On April 23, 1968, at night, I saw a comet or something in the sky. While I was watching it, all of a sudden it exploded. I still didn't find out what it was so I'm asking you if you know what it is. thankyou for listning.

Love
