Group to Hear "The Gordon Koehnke Story" Feb. 19

The Tri-State UFO Study Group ~~will meet~~ meet Wednesday, Feb. 19, 7:30 p.m. at the First Presbyterian Church in Quincy, Ill., to hear and discuss and evaluate "Th[redacted]tory."

The tape recorded interview with [redacted]e made by Walt Andrus and Bob Smulling Dec. 29, 1968, at Davenport, Ia., will be played so members can hea[redacted] story after which the group will try to arrive at a conclusion on the authenticity of the UFO photographs and the three different sightings reported. The photographs will be on display.

Miss Sandra J. Eber, Clinical Psychologist, for the Tri-State group, has analyzed the correspondence between Walt Andrus and [redacted] as well as telephone calls and will give her opinion as to the character of [redacted] and the creditability of his sightings. Bob and Walt will state their conclusions following their personal interview with Gordon.

This case has also been under study by Dr. Allen Utke, Assistant Professor of Chemistry at Wisconsin State University (Oshkosh). Dr. Utke is an Advisor and Consultant to Aerial Phenomena Research Organization of Tucson. Both Bob and Walt had the opportunity to compare notes and opinions with Dr. Utke in Rock Island, Ill., on Dec. 29 and their summation should prove very interesting.

Mark this speaking date on your February calendar, tell your friends of this opportunity to learn more about the UFO phenomena, and plan to attend.
