11. COMMENTS Objt of this sighting was probably and a/c. Witness indicated objt moved fm an elevation of aprox 20° W to same elevation in E. Assuming witness was 5° low on his estimate of elevation and a/c at a height of 8 mi would have passed through angle he describes in 3 min. If it had a ground speed of 573 kts which is easily within capability of our jet a/c. Bright white light on bottom of a/c was probably light observed by witness.
