SUMMARY: (Enter concise summary of report. Give significance in final one-sentence paragraph. List inclosures at lower left. Begin text of report on AF Form 112-Part II.)

1. This report contains information on an unidentified flying object as observed by MR. ALLAN H. MILLER of EATON RAPIDS, MICHIGAN on 20 July 1952.
2. Subject report was investigated by CAPTAIN BENJAMIN W. DAVIS, AO 861 939, ASSISTANT PROFESSOR of AERONAUTICAL SCIENCE and TACTICS (AFROTC) MICHIGAN STATE COLLEGE, LANSING, MICHIGAN.

AIR INTELLIGENCE INFORMATION REPORT

FROM (Agency) Director Of Intelligence Hqs, Tenth Air Force	REPORT NO. AFXOI FLYOBRPT 4-52	PAGE 1	OF 2	PAGES
---	-----------------------------------	--------	------	-------

1. At EATON RAPIDS, MICHIGAN on 20 July 1952 at 0630Z while standing on his front lawn looking east, MR. ALLAN H. MILLER and his WIFE visually observed one (1) object of light bluish radiance with five (5) pointed prongs which appeared to be about fifty (50) miles distant, although he reasoned that it must have been in outer space.

2. At first appearance the object observed was stationary at approximately two (2) thousand feet altitude. Its first maneuver was to glow brighter and move in a circular motion as if spinning, then travel northward approximately two (2) or three (3) thousand feet in horizontal flight. The number of times this maneuver was executed is not known by the observer but he states that sometime during these maneuvers the object would suddenly ascend to an estimated forty (40) thousand feet in vertical flight, then return to its original position at two (2) thousand feet. The rate of speed attained by the object in vertical flight appeared to be at the speed of light since this change in altitude was accomplished instantly. At times the object would move directly away from the observer toward the east diminishing in brilliance as it did so, changing from a bluish glow of light to a golden color. Following this maneuver the object would fade completely for approximately thirty (30) seconds and then reappear in its full brilliance.

3. MR. MILLER states that after he and his WIFE had observed the object for approximately thirty (30) minutes he telephoned the CIVIL AERONAUTICS ADMINISTRATION office in LANSING, MICHIGAN, reporting what he had seen and asked the observers at the airport to watch the sky to the east for this object. After his telephone call was completed MR. MILLER returned to his lawn and observed the object for another thirty (30) minutes. During the remainder of his observations MR. MILLER states that the object followed the same pattern of movements as already described.

4. MR. MILLER states that he could hear no sound nor could he distinguish any trail or exhaust from the object. He further states that he observed no aircraft in the vicinity at any time during the sighting.

TENTH AIR FORCE DIRECTOR OF INTELLIGENCE COMMENT:

1. The investigating officer, CAPTAIN DAVIS, states that MR. MILLER is a non-alcoholic and appeared to be conscientious and reliable.

2. The investigating officer further stated that he queried the CIVIL AERONAUTICS ADMINISTRATION at LANSING, MICHIGAN in reference to MR. MILLER'S telephone call to that organization. The person on duty at the time of the reported sighting made no report of the telephone call.

3. The 661st AC&W Squadron at SELFRIDGE AFB, MICHIGAN identified two (2) friendly aircraft in the vicinity during the time of the sighting.

4. NOTAMS indicated that the UNIVERSITY OF MINNESOTA at MINNEAPOLIS, MINNESOTA was scheduled to release a cosmic ray balloon on 19 July 1952. Velocities and the prevailing winds could possibly have placed the balloon in the general vicinity during the time of the sighting, however, the mere presence of the balloon would not account for the sudden changes in altitude at such tremendous speeds as reported.

---	-----------------------------------	--------	------	-------

5. Weather and winds at time of sighting:

a. Weather:

- (1) Visibility - six (6) to twelve (12) miles
- (2) Clouds - scattered cirus at 18,000 feet
- (3) Moon - dark

b. Winds:

- (1) Surface - 280°/03 knots
- (2) 5,000' - 270°/13 knots
- (3) 10,000' - 290°/13 knots
- (4) 15,000' - 290°/20 knots
- (5) 20,000' - 270°/27 knots
- (6) 25,000' - 290°/46 knots
- (7) 30,000' - 300°/39 knots
- (8) 35,000' - 310°/60 knots
- (9) 40,000' - 300°/61 knots
- (10) 45,000' - 300°/47 knots
- (11) 50,000' - 300°/40 knots

6. The preparing officer can offer no explanation for this reported phenomenon.

George H. Janczewski

MILLER SIGHTING
EATON RAPIDS, MICH.
200630Z JULY 1952

OBSERVER STATED OBJECT APPEARED TO BE FIFTY (50) MILES DISTANT OR COULD HAVE BEEN NEARER OR EVEN IN OUTER SPACE.

(1) POSITION OF OBJECT WHEN FIRST OBSERVED. ALTITUDE ESTIMATED AT 2000 FT.

(2) OBJECT EXECUTED CIRCULAR MOTION AND MOVED 2000 FT. OR 3000 FT. NORTHWARD SEVERAL TIMES AND RETURNED TO IT'S ORIGINAL POSITION.

(4) FROM THIS POSITION AT 40,000 FT. ALTITUDE THE OBJECT WOULD FADE IN THE DISTANCE TO THE EAST DIMINISHING IN BRILLIANCE FROM A BLUISH GLOW TO A GOLDEN COLOR, THEN REAPPEAR IN IT'S FULL BRILLIANCE.

(3) FROM THIS POSITION THE OBJECT WOULD INSTANTLY ASCEND TO ESTIMATED 40,000 FT. ALTITUDE IN APPROXIMATELY 1/10 SECOND AND RETURN TO IT'S ORIGINAL POSITION AT 2000 FT. AFTER FADING IN THE DISTANCE TO THE EAST.
