Project Blue Book
Wright-Patterson A.F.B.
Dayton, Ohio

Dear Sirs;

I am writing for information on U.F.O's. I am really intrested in U.F.O's and believe in them. I hope you can send alot of information on U.F.O's.

I have seen alot of them including one this evening. They are all the same. They are star like, turning red, blue, and white. (These are from a distance) There is no sound and they travel at a fast rate of speed.

This is on the Pine Ridge Indian Reservation, Pine Ridge,

On Back

Lo. Dale, in the southwestern part of the state.

There seems to be a lot of them in the springtime and the summer. The nearest about five miles west of Pine Ridge (five or mile). This area is isolated (not completely) and hilly and flat! Alot of people see them, but its is hardly mentioned.

I got the idea from a paper back book entitled, Letters to the Air Force on UFO's, by Bill Ocker, copyright 1967.

I don't drink or smoke anything and I am 16 and in the 10th grade.

I know that the army and the Air Force have some that work and some that don't and that is the one you show to the public and tell them that they dont work.

I hope you will answer this letter soon and be frank with me.

II

I know some thing about them and I know its not much gas.

P.S. Please be brunde and I want that, no other "beat around the bush." Hopefully yours [redacted]

P.S. Some are about a mile away and it was burning and it was a bright blue-ish white.

Queries:

[redacted]

Sightings
of
UFO'S

May 13, 69

Sighted southwest of Pine Ridge, So. Dak.

Discriptions of U.F.O. Star like turning red, white and blue.

Traveling at high rate of speed, going from north to south. Disappered in about a minute. Always above the the surface about 1 in. and is about the size of a pin head or smaller, From a distance.

Sent in for Project Blue Book.
