15 CONCLUSIONS		

AISOP FORM 7 (2Apr 55)

17 AUG 1955

Hq Ent AFB Subj: UFOB Reports, 6 Jul 55

1st Ind.

DCS/O-O&T/ID:JW/ep

HEADQUARTERS, AIR PROVING GROUND COMMAND, Eglin AF Base, Florida
17 AUG 1955TO: Commander, 4602d Air Intelligence Service Sqdn (ADC), Ent AFB,
Colorado Springs, Colorado1. Reference AIIR No. 1-55, dated 28 June 1955, Hq APGC,
Eglin AFB, Florida.2. Further inquiries concerning the [REDACTED]
[REDACTED] observer who reported referenced sighting, revealed that
subject airman is [REDACTED] and on previous occasions
he reported [REDACTED]3. Therefore, it is requested that AIIR No. 1-55 be removed
from your files, destroyed, and disregarded completely. In the
future persons reporting Unidentified Flying Objects to this Head-
quarters will be [REDACTED] before a
formal report is submitted, [REDACTED]
[REDACTED]4. In view of the foregoing, US Air Force Technical Informa-
tion Sheets, Form A, are not being completed as requested in para-
graph 1, basic letter. They have been withdrawn, however, for future
reference in this Command.

AISOP

6 JUL 1955

SUBJECT: UFOB Reports

TO: Major John J. Walsh
Chief, Intelligence Division
Eglin Air Force Base, Florida

1. Inclosed are U.S. Air Force Technical Information Sheets, Form A, for distribution to each of the observers listed in the UFOB report of 28 June 1955 prepared by your office.

2. It is requested that these questionnaires be completed as thoroughly and accurately as possible by these observers.

3. The completed questionnaires are to be forwarded to this headquarters, where they will be used as an aid in further investigation and evaluation of the reported sighting.

4. This headquarters is particularly interested in the possibility of electrical vortices at the time of sighting. It is requested that the following information be forwarded this headquarters with the completed forms mentioned above:

- a. Type terrain at the area of sighting.
- b. Type soil at the area of sighting.
- c. Any known vortices at the approximate time of sighting.
- d. Are vortices known in the area of the UFOB sighting?

5. Expedition of this matter would be greatly appreciated by this headquarters.
