(f) Negative

8. Negative

9. Negative

10. Negative

11. Wing Operational Intelligence Officer. SOURCE has had sufficient experience as a tower operator to be considered a reliable observer. SOURCE insists that the object was not a meteor or aircraft exhaust and cannot otherwise account for the object. Insufficient information is available to the preparing officer to render an intelligent analysis as to the possible cause of the sighting other than the obvious cause, i.e. a meteor.

12. Negative
