Dear Sirs:

I am very interested in the Japan Air Lines pilot's recent claim that he saw a UFO, and understand through reading the AP account that you are scheduled to release on March 5 the results of your investigation.

Please send me whatever you have to offer which is free of charge. I shall appreciate this very much. I have had an interest in UFO's a long time, as I believe I saw one for the first time back in 1957. I have also witnessed some more unusual sightings in the years since then, and I do

believe they are out there.

Thank you very much.

Sincerely,
J. C. Ayers

P.S.

If you should know of a book which the Government has ever compiled on this subject, would you please let me know. I would like to buy one, as it is one of the most fascinating subjects I can think of except the Bible.

For \$194, a UFO Package Deal

Anchorage, Alaska (AP) — If you want an inside look at a Japan Air Lines pilot's recent claim that he saw a UFO, the Federal Aviation Administration will send you everything it has about the incident for \$194.30.

The complete package includes tapes of interviews with crew members, spaceship drawings by the JAL pilot and air controllers' statements, even four glossy color photos of regenerated radar data.

The unusual FAA mail-order offer is an effort to cope with enormous public interest in the November sighting, said spokesman Paul Steucke. Since the pilot's claim was publicly disclosed, the FAA's Anchorage office has received information requests from more than 200 members of the news media, as well as 46 requests from individuals.

The agency is also offering 20 individual

items, ranging from a \$50 cassette tape of communications between the controllers and the flight crew to a 30-cent copy of an FAA form summarizing the sighting. Orders of less than \$5 are free. The FAA address in Anchorage is 701 C St., Box 14, Anchorage, Alaska 99513.

JAL Capt. Kenjyu Terauchi reported on Nov. 17 that his Boeing 747 cargo jet was shadowed by two belts of light as it crossed into Alaska on a flight from Iceland. Terauchi also reported seeing a huge spaceship the size of two aircraft carriers. He radioed the sighting to Anchorage FAA flight controllers, who saw what they thought was an object on their radar screens.

Philip J. Klass, an editor with Aviation Week and Space Technology and a longtime investigator of claimed UFO sightings, said the pilot was actually seeing an unusually bright image of the planet Jupiter and possibly Mars.

Dear Aviation

I am enquiring about the
passenger tape of the sighting.
Of the air ship that was two
times the size of a air craft
carrier. I heard about it on
W W B A Paul Harvey wheeling W V.
I didn't catch the price of the
tape. So if you would send me
the price listing of the information
that I have requested. I might
be interested in purchasing one
or two.

I thank you

Gentlemen:

It is my understanding from having read in the newspaper you are going to release the results of the UFO sighting that accrued in your area just past.

I would be pleased to receive a copy and any other pertinent information concerning this incident by the Japan Air Lines pilot you may have. I have been investigating and interested in the UFO phenomenon for over 35 years. I started shortly after discharge from WWII.

Thank you in advance for any help you may be able to supply me in this respect.

Gentlemen:

I'm following the affair described in the attached newspaper clipping with interest, and find your open approach to the matter a breath of fresh air in a field where there has been very little.

Would one of your people please be kind enough to take a moment to comment--VERY briefly--on the enclosed postcard as to whether in the FAA's judgment Philip Klass' evaluation is generally correct and whether appropriate weight is being given to what I imagine is the very considerable flying experience which Captain Terauchi has had?

My warm advance thanks for your courtesy go with this note.

Most sincerely,

—A Japan Air Lines pilot's recent claim that he saw a UFO has generated so much interest that the Federal Aviation Administration is offering a mail-order package that includes tapes of interviews with the crew members, spaceship drawings by the pilot and air controller statements, and even four glossy color photos of regenerated radar data. All yours for \$194.30. If that's a bit steep, you can order individual items, ranging from a \$50 cassette tape of communications between the controllers and flight crew, to a 30-cent copy of an FAA form summarizing the sighting. JAL Capt. **Kenjyu Terauchi** reported Nov. 17 that his jet was shadowed by two belts of lights as it crossed into Alaska airspace on a flight from Iceland to Anchorage. He also reported seeing a huge spaceship the size of two aircraft carriers. **Philip J. Klass**, a magazine editor and longtime UFO investigator, said Terauchi probably saw an unusually bright image of the planet Jupiter and possibly Mars. But Terauchi insists the objects "were not made by human-kind. They were of a very high

intelligence." The FAA address to write to is 701 C. St., Box 14, Anchorage, Alaska 99513.

Sir

I am doing an English report on UFO's, and would like to have a copy of the FAA form summarizing the sighting. It costs .30⁰⁰, but the article states orders under \$5 are free. Thank you for your time.

To Whom It May Concern:

I would appreciate it very much if you would let me know how I may receive ^{information} pertaining to the sighting of an Unidentified Flying Object reported by JAL pilot Capt. Kenjyu Terauchi on November 17, 1986.

I also understand the FAA is scheduled to release on March 5, 1987 the results of its investigation of the sighting. How may I receive a copy of this report?

Thank you.
