AIR INTELLIGENCE INFORMATION REPORT

FROM (Agency)	REPORT NO.	
Wing Intelligence Officer Sheppard Air Force Base, Tex	IR-2-51	PAGE 2 OF 4 PAGES

The preparing officer interviewed Staff Sergeant [REDACTED], AF [REDACTED], 3770th Instructor Squadron, Sheppard Air Force Base, Texas, and Sergeant [REDACTED], AF [REDACTED], 3770th Instructor Squadron, Sheppard Air Force Base, Texas, on 10 May 1951. The following information was received:

Subject Airmen state that, at approximately 2130 hours, 4 May 1951, they were returning to their squadron area from Theater #1. They observed a formation of ten to fifteen round objects moving in a Southeast to Northwest direction at an unknown altitude and speed. Objects were believed to be solid with a reflected light resembling a soft, fluorescent glow. Observed sightings were on a definitely set course, all traveling in the same direction, but moving independently within the formation. Objects seemed to repel one another in much the same fashion as electrons. No sounds were heard from sightings. Objects were first seen directly overhead and were observed for a period of approximately 30 seconds. No trailing or contact were noted and objects left no resultant glow after their disappearance. Subject Airmen state that night was clear with a few scattered clouds. No radar return and no radar contact was made with the objects.

AIR INTELLIGENCE INFORMATION REPORT

FROM (Agency) Wing Intelligence Officer Sheppard Air Force Base, Tex	REPORT NO. IR-2-51	PAGE 3 OF 4 PAGES
--	-----------------------	-------------------

The preparing officer interviewed Sergeant [REDACTED], AF [REDACTED], 3770th Instructor Squadron, Sheppard Air Force Base, Texas and Sergeant [REDACTED], AF [REDACTED], 3770th Instructor Squadron, Sheppard Air Force Base, Texas on 11 May 1951. The following information was received:

Subject Airmen had accompanied S/Sgt. [REDACTED] and Sgt. [REDACTED] to Theater #1, Sheppard Air Force Base, Texas, on the night of 4 May 1951. At approximately 2130 hours, all four Airmen observed a group of circular objects in a rough V formation approaching from a southeasterly direction at an unknown altitude and speed. Subject Airmen described the number of objects as being "more than nine." Objects were described as weaving in and out in an independent manner, but remaining within one group. Objects emitted a steady, white glow with no change in color or brilliance. No vapor trails were observed and no sounds were heard. Subject Airmen stated that objects appeared to be controlled by an unknown force and kept on a steady, straight and level course towards the Northwest. Length of observation was approximately 30 seconds. Objects assumed a disk-like appearance just before their disappearance.

Comments of preparing officer:

1. Subject Airmen are unknown to preparing officer. They are presently assigned as instructors in the 1-2 phase of the Airplane and Engine Mechanics Course, Sheppard Air Force Base, Texas. Information pertaining to subject Airmen is as follows:

1. [REDACTED] - 3 years service; completed Airplane and Engine Mechanics Course; instructor in Airplane and Engine Course for two (2) years; 23 years of age.
