AIR INTELLIGENCE INFORMATION REPORT			
SUBJECT (UNCLASSIFIED) Unidentified Flying Objects Reporting (Short Title: FLYOBRPT)			
AREA REPORTED ON Middletown Air Materiel Area		FROM (Agency) Intelligence Office Olmsted Air Force Base, Middletown, Pa.	
DATE OF REPORT 5 August 1952	DATE OF INFORMATION 2 August 1952	EVALUATION	
PREPARED BY (Officer) John L. Spierel, 2d Lt. USAF		SOURCE Civilian Observer	
REFERENCES (Control number, directives, previous report, etc., as applicable) Air Force Letter No. 200-5, 29 Apr 52			
SUMMARY: (Enter concise summary of report. Give significance in final one-sentence paragraph. List inclosures at lower left. Begin text of report on AF Form 112—Part II.)			
Mr. [REDACTED], Marietta, Pa., reported observing an unidentified flying object on 2 August at approximately 0053Z. Mr. [REDACTED] first noticed the object while parked on a highway approximately one mile west of Marietta (7635W - 4005N). Mr. [REDACTED] related that he noticed a brilliant white light suddenly appearing at a point N.W. of his position. According to Mr. [REDACTED], the object was traveling West to East, approximately 40° above and parallel to the horizon. He reported that the object maintained a straight course without altering altitude or direction and suddenly vanished in the East. The object was physically described as a brilliant white light with a relative size of approximately half the size of the moon. Mr. [REDACTED] did not observe any exhaust or trail and could not report any sound as being heard. Although no accurate estimate of altitude or speed could be given, the observer described the object as traveling "very fast" and as being at a "low altitude." Mr. [REDACTED] total observation lasted approximately two to three seconds. Mr. [REDACTED] observation was collaborated by Mrs. [REDACTED], Marietta, Pa. Mrs. [REDACTED], whose location was approximately one mile east of Mr. [REDACTED], reported observing an object at approximately 0100Z. Mrs. [REDACTED] description of the object was similar to that of [REDACTED] with the exception that she observed the object to have been climbing at approximately a 45° angle. While Mrs. [REDACTED] agreed with [REDACTED] on the size of the object she believed the object to have been orange in color. Mr. [REDACTED] educational background included a high school education and the man may be described as having average intelligence. [REDACTED] served as a radio operator with the USAAF during World War II and has had some experience with aircraft. Mrs. [REDACTED] background was not determined. The weather at the time of the observation was clear, with 10-mile visibility. This Office can offer no definite explanation for the sighting. The facts given seem to rule out the possibility of aircraft or astronomical phenomena as being the explanation. (i.e., size of the object and its behavior).

At 8.53 P.M. Sat Aug 2, 1952,
at a point west of Marietta (Exact location
Cargil Inc. approx 75 yards north on the
Moytown road) I saw an object
appear out of the north west. At first
it appeared to be an aircraft ident-
ification light, being very dim, but in
a split second it became very
brilliant and sailed across the sky
from west to east, maintaining an even
altitude & brilliance. I held the object
in sight at least 3 seconds, at ~~the~~
~~point~~ in a line of flight of
approx 40° (from a point overhead to
the horizon) There was no exhaust
trail, noise or other familiar aspect
about this object. As suddenly as it
appeared, it disappeared. I can definitely

The size as closely as I can ^{in days} determine was about 14 inches, and appeared to be a circle.

This statement is true & correct as certified by my signature below.

I can definitely say that it was no hallucination, airplane lights, reflection or anything else that is readily identifiable. I have heard & read reports for years of these mysterious objects, and was skeptical as to their actual existence until I actually saw one myself. In my opinion science will more than have its hands full in trying to find out what these objects are.

P.S. See next page for off the record comment.
