Air Technical Intelligience Center Wright - Patterson Air Hora Base, In the W. V. Times of June 2, Institued an article about blying saucero, and that you welcomed Camp information on unidentifud abject sighted. Do here gaes! Last Monday at about 10:15 AM 9 mas Setween Comand + Lochmere n.H. manne my attention was caught by a strange very white elongated object overhead. It was going at an unbelieverth speed, so that it looked as though it na falling straight down like () so. It mas going in a pufully straight line right ahead of us + was seen for 8 to 10 seconds 9 genes, then all of a sudden the whole thing Just desappeared; it didn't just get

smaller + fade out, it disappeared while still a large object so that it gant me a queur feeling. "9 skelæmed & my hurband, "Yourd Lord, what in the would is that thing!" But before he could look up it had gome. 28 had a strange uniteness about it, as the say was a dark grayish Alue; which made it stand out so plain. 28 was very long and There that the best I can discribe the "thing" Sencerely
