		Der Mr. Mann:	
	AFOIN-4X3		
1		We are in receipt of your letter dated 12 November in which you report an unidentified aerial object observed for 12 minutes near Love-	
-	AFOIN-4A	Lind, Ohio on the evening of 11 November 1957. Our files also disclose previous correspondence from you dated 17 December 1952, 19 February	
		Typh, 23 July 1954 and an undated letter in 1955.	
1		A check with local facilities disclose that a weather balloon was pleased southwest of your location just before 6:00 PM; that the balloon	
0		erried running lights; and that the winds were from the southwest and moving at 20 to 25 knots at the time of your sighting.	
3		Although we cannot account for the cylindrical shape, experience with hundreds of similar reports has shown that balloons observed near	
		diwn or dusk often take on reddish orange, red or burnt orange appear-	
	AFUITAG	Attached please find official material from the Department of	
		Defense regarding the Air Force's work in the field of unidentified	
	AFOIN-4D	Your prompt reporting and interest in this matter is appreciated.
