FLYING SAUCER OVER NORWAY--Reports of a flying saucer over northern Norway were received in Oslo on Mar. 18. One report said the object, sighted the night before, was elliptical and its flight was accompanied by a whistling, humming sound. Another said it "lit up the sea like a floodlight" as it passed over the far northern island of Froeya. A Norwegian Air Force officer said there were no planes in the area at the time. (London, REUTERS, Mar. 18, 1958, 1108 GMT--E)
