5. PHOTOS ☐ Yes ☒ No		6. SOURCE Military		☐ Other ☐ Insufficient Data for Evaluation ☐ Unknown	
7. LENGTH OF OBSERVATION 20 seconds		8. NUMBER OF OBJECTS one		9. COURSE SW	
10. BRIEF SUMMARY OF SIGHTING Bright unidentified light in sky. Viewed for about 20 seconds. Obj moving SW in semi-circular arc. Did not appear to be a/c. Rpt fm coast guard. Light was bright white.				11. COMMENTS Request for additional info resulted in info on another case. Nothing added to the original rpt. Possibly searchlight, however, since the observer should be familiar with conditions in his base a more probable solution is a meteor sighting. It is not unusual for meteors to be without tails, and since the duration is rather long this meteor was probably at great alt.
