12 JUN 1958

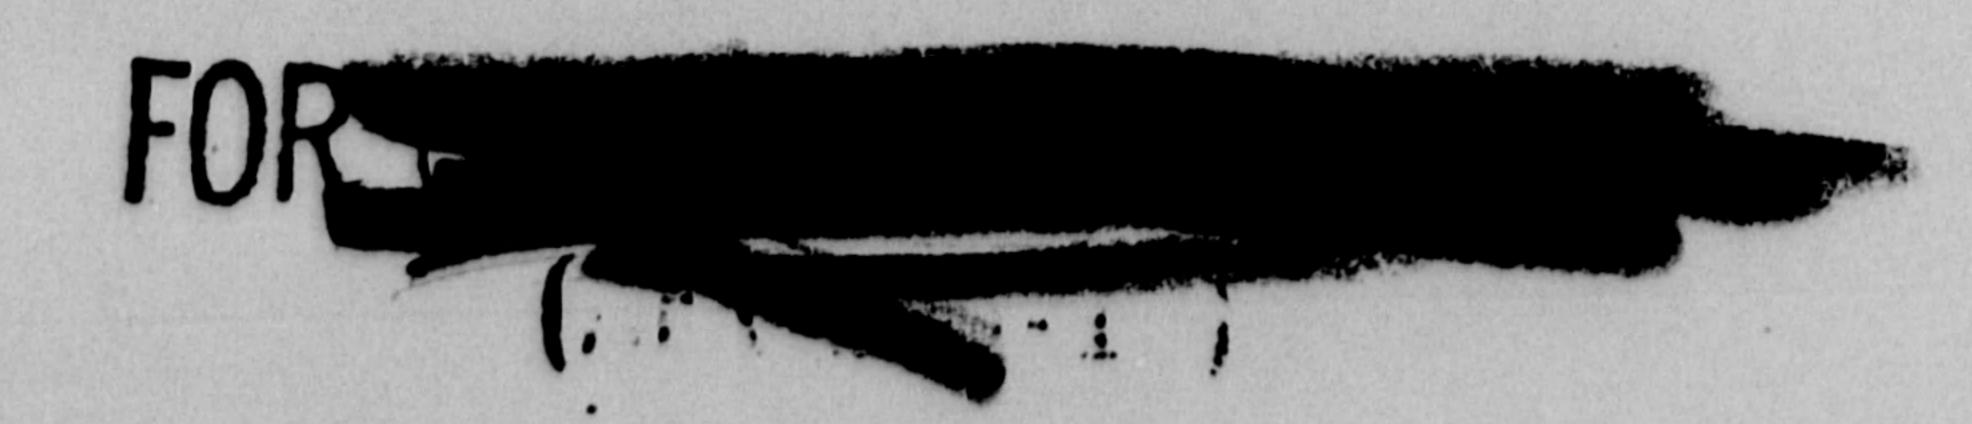

SUBJECT: Unidentified Flying Object Sighted by Philadelphia, Pa. at 0816552 June 1958

TO:

Commander Air Technical Intelligence Center Wright-Patterson Air Force Base Ohio

- 1. Reference is made to Air Force Regulation 200-2, dated 5 February 1958.
- 2. In accordance with Paragraph 15, AFR 200-2, the following is furnished for your information and any action you may deem appropriate:
 - a. Description of the Object: Typical of F-100 Series Type
 - (1) Shape Flat, triangular, with corners rounded.
 - (2) Size Average size shirt button held at arms length.
 - (3) Color Black -NAVY Planes Lock black
 - (4) Number One (1)
 - (5) Formation Not Applicable
 - (6) Discernible features or details None
 - (7) Tail, trail, or exhaust None
 - (8) Sound None
 - (9) Other pertinent or unusual features None

Hq DO#3, File 300 24-205, Subj: Unidentified Flying Object Sighted by Jane 1958

b. Description of Course of Object:

What first called the attention of observer to the object related that he just happened to look to the horizon east of his home and saw instant object. Angle or elevation and azimuth of the object when first sighted - Approximately (309) above the horizon. EASI Angle or elevation and azimuth of object upon disappearance -(45° above the horizon. Description of flight path and maneuvers of object - When sighted, the object was approximately (309) above the horizon. The object reportedly climbed steadily in a straight course until it was approximately (90°) above the horizon, at which in what point it hovered momentarily, then descended to approxidirection mately (45°) The ascent was made in approximately (five) (5) minutes and the descent in approximately three (3) minutes. How did the object disappear - The object moved in a straight course in a southerly direction for about three The observer says (3) minutes, then traveled west and upward until it we out of sight.

Out of sight.

Out of sight.

(15) minutes (3) minutes, then traveled west and upward until it went the East to overflad. (15) minutes

Solant say in c. Manner of Observation:

2. ITeM(5-)

Here the observes

No optical aids were used.

d. Time and date of Sighting:

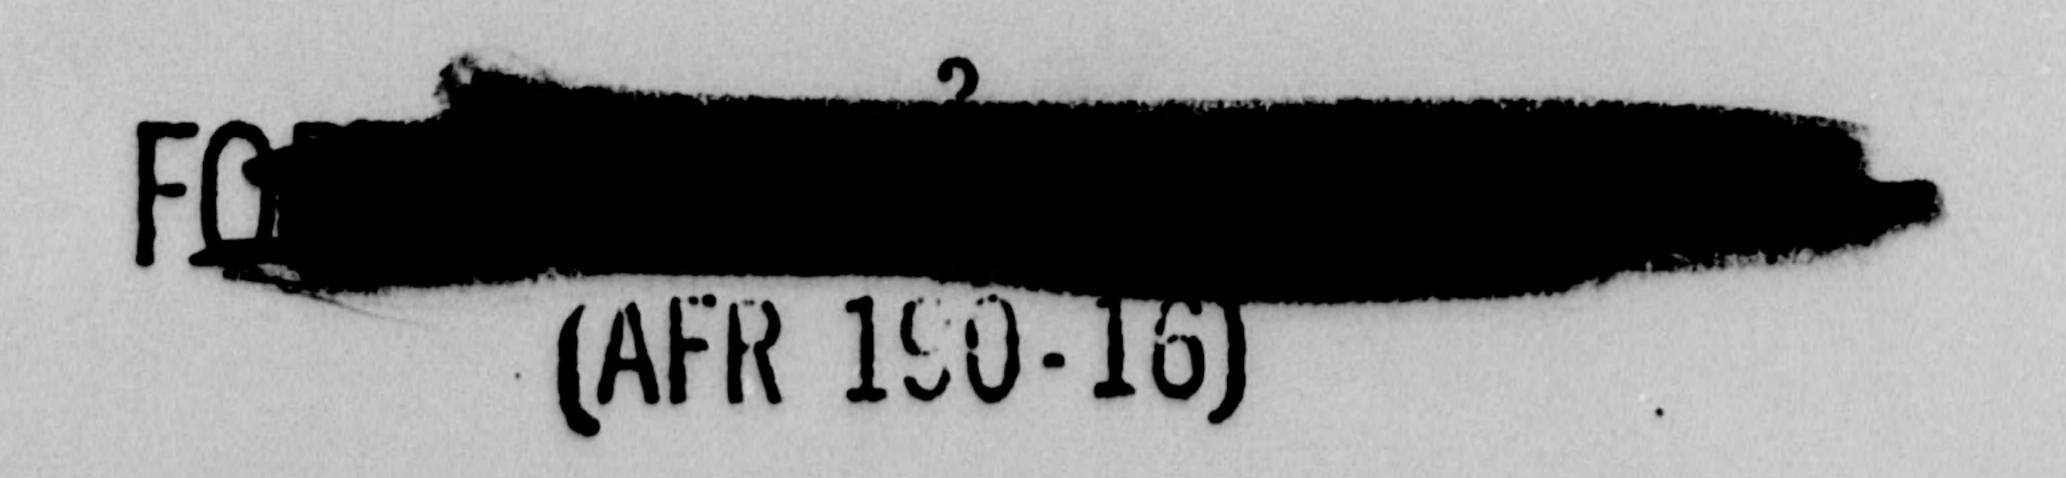

Between 081655Z and 081710Z June 1958. /655->-= //>>-

Day.

e. Location of Observer: Approximately 40° 16' North and 75° 07' West.

Identifying Information on Observer:

Civilian -Address Philadelphia 20, Pennsylvania Employed by the Philco Corporation as a Technical IIlustrator.

Hq Do#3 File 3D0 24-205, Subj: Unidentified Flying Object Sighted by at Philadelphia, Pa., at 081655Z June 1958

g. Weather and Winds-Aloft Conditions at Time and Place of Sighting:

(1) Observer's account of weather conditions - Mostly clear, at the time of the sighting and visibility was good.

(2) Report from nearest AWS or U.S. Weather Bureau Office of wind direction and velocity -

On the surface 5.000'

230°5W

at 18 knots at 27 knots

MESSISTANT

No other readings were made at this time.

(3) Ceiling - 6,000:.

(4) Visibility - 12 miles.

5) Cloud Cover - 9/10 of sky covered.

(6) There were no thunder storms or unusual activity or conditions that would account for the sighting.

(Information furnished on 9 June 1958, by Miss

Meteorological Aide, who advised instant observa-

tions were made 081500Z, June 1958.)

3. No additional investigation of this matter is contemplated by this District Office unless otherwise requested.
