ATIC FORM 329 (REV 26 SEP 52)

January 12, 1959

Dear Sir:

I have enclosed information on a mysterious object which I saw following an airliner. I hope if you can give me an answer to what we saw, you will let me know. I have yet to think, that what I saw was not a flying saucer, but must have some logical explanation. I can assure you it was not any astronomical phenomina, because I am the president of The [redacted] astronomical Society, and I know most of the astronomical object, such as meteors, comets, or astoroids, and what the look like. Please if you can give me any information on this please let me know.

Sincerly yours,
