The SDO received the report by telephone. It was a joint report from both MR and MRS [REDACTED] although MRS [REDACTED] did most of the talking. She kept emphasizing her reliability due to ground Observer Corps experience and her husband's reliability due to employment with the Dayton Police Dept. Mrs. [REDACTED] stated that they first called the WPAFB Operator and were referred to ATIC. Mr. [REDACTED] claimed they first called "Civil Defense" and were given the phone number of ATIC. I asked my questions directly from ATIC Form 164. The number and content

of the questions seemed to antagonize Mrs. [REDACTED] as though I were questioning the veracity of their report. Mrs. [REDACTED] inquired as to the proper procedure for reporting any future sightings. I told her to do just as she had this time. Both Mr. and Mrs. [REDACTED] seemed very sincere and they both sounded sane and sober.

Staff Duty Officer received the report by telephone immediately after the sighting. I spoke with both Mrs. ~~XXXXXXXXXX~~ and her son Mr. ~~XXXXXXXXXX~~. Both parties seemed to be sincere in their report. Both sounded sane and sober.

I immediately after accepting their report I call all the agencies listed in the SDO Instructions. From them I received negative reports with the exception of the US Weather Service at Sulphur Grove. They reported releasing a vx balloon at 1830 hrs.

5. stated that it floated straight above
their station for 55 minutes before
they lost track of it. Claimed it
rose to an altitude of approx.
2300 meters. Although they lost
track of it they expected it bled
down at 2000 hrs.

The 56 ~~th~~ FIS and WADC,
Flight Test did not answer their
phones when I called.
