News Release

1959

...An unidentified object, measuring eight inches in length and 1 1/2 inches in diameter, was found last October 1st by Hudson Carpenter, a farmer living near Maysville, Kentucky. The object is cylinder-shaped and made of a hard white plastic and heavy aluminum. It was found about 1,000 feet from a main highway, lying on the ground. It was taken by Mr. Carpenter to the office of a local newspaper for examination, and then presumably sent to the Air Force.

WARSAW, OCT. 14. (UPI)—ANOTHER MYSTERIOUS GLOW IN THE SKY APPEARED OVER POLAND LAST NIGHT.

HUNDREDS OF RESIDENTS OF BIALYSTOK NEAR THE POLISH-RUSSIAN BORDER SAW A LUMINOUS OBJECT MOVING IN A SOUTHWEST-NORTH-EAST DIRECTION AT ABOUT 9:30 P.M. (4:30 P.M. EDT).

UNLIKE INHABITANTS OF WARSAW, WHO LAST WEEK HAILED A NIGHT-TIME GLOW OVER A CHURCH STEEPLE AS A VISION OF THE VIRGIN MARY, THE BIALYSTOK VIEWERS WERE CONVINCED THEY WERE SEEING THE RETURN OF RUSSIAN MOON ROCKET LUNIK III.

THE POLISH NEWS AGENCY PAP, HOWEVER, SUGGESTED THE BRIGHT OBJECT OVER BIALYSTOK WAS EITHER A BURNED-OUT STAGE OF SOME OTHER SPACE-ROCKET, OR AN EXPERIMENTAL BALLOON MOVING AT VERY HIGH ALTITUDES.

INTEREST IN THE WARSAW "VISION" WAS FUELED BY TVRARELLA

WARSAW THRONA DRAWN

Warriors-Like Figure Said to
Be Seen atop Church Steeple

WARSAW, Oct. 11 (AP)—

Drawn by widespread word-of-mouth reports of a luminous, throne-like figure appearing at the top of the church steeple for three nights, people gathered by the hundreds around St. Augustine's Church in Nowy-Swiat Street today.

The luminous figure, some visitors said, was first seen last Wednesday on the Feast of Our Lady of the Snow. No one saw it Thursday, but the figure was said to have appeared again Friday and Saturday nights.

Among Western observers last night were Gov. G. Mennen Williams of Michigan and Mrs. Williams, who were in Warsaw on a private visit and went to the church standing among the praying and chanting people, both said they could see the figure.

At today's Mass the parish priest warned against "hasty conclusions." A miracle, he said, is a supernatural phenomenon that cannot be explained. "The light on our church tower," he added, "might be explained."
