Bayonne, New Jersey May 2, 1960

Air Technical Intelligence Center Wright-Patterson Air Force Base Akron, Ohio

Dear Sir:

The following observed this date 8:40 P.M.: - Object flying from East and falling due North West emiting a "zoom" and then a crackling nose as it fell in the vicinity of 33 St this city. Description of object: -

Red disc similar to traffic light. grayish blue white light

- overhead and fallout at 300 to 500 yards, height

\[\frac{1}{4} \] mile complete blackout after the crackling noise no explosion. It may have been part of a satellite. I do not think it was a falling star as the trajectory was quite different.

Atlantic Ocean

Witnessed also by 33 St at the time.

of West 45th St this city with me at

Very truly yours,

/s/

U. S. AIR FORCE TECHNICAL INFORMATION SHEET

This questionnaire has been prepared so that you can give the U. S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes, and will be regarded as confidential material. Your name will not be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that, if it is deemed necessary, we may contact you for further details.

1. When did you see the object? 2 ? May 1966	2. Time of day: Hour Hour Minutes
Month Your Month Your Month (Mr det el mu missenel letter)	(Circle One): A.M. or P.M.
3. Time zone: (Circle One): a Eastern b. Central c. Mountain d. Pacific e. Other	(Circle One): a. Daylight Saving? b. Standard
4. Where were you when you saw the object? **Comme 33 & & & & & & & & & & & & & & & & & &	Bayonne Huden New Horses City or Town State or Country of parti morthwest cure identines this about
	how certain you are of your answer to Question 5.
Certain b. Fairly certain	c. Not very sure d. Just a guess
6. What was the condition of the sky?	
(Circle One): a. Bright daylight b. Dull daylight c. Bright twilight	d. Just a trace of daylight (e. No trace of daylight f. Don't remember
7. IF you saw the object during DAYLIGHT, TW the object?	ILIGHT, or DAWN, where was the SUN located as you looked at
(Circle One): a. In front of you b. In back of you c. To your right	d. To your left e. Overhead f. Don't remember

U. S. AIR FORCE TECHNICAL INFORMATION SHEET (SUMMARY DATA)

In order that your information may be filed and coded as accurately as possible, please use the following space to write out a short description of the event that you observed. You may repeat information that you have already given in the questionnaire, and add any further comments, statements, or sketches that you believe are important. Try to present the details of the observation in the order in which they occurred. Additional pages of the same size paper may be attached if they are needed.
