Ltr, TD-E, 26 Oct 61, Request for Analysis of Filmstrip

1st Ind (TD-D4a)

20 Nov 61

TO: TD-E (Major Friend)

1. The examination of the film has produced these findings.

a. In addition to the bright ellipse, a similar separate faint image also appears in most frames. This is the only feature that is duplicated in the format.

b. These images change position within the frame in a uniform manner while maintaining their same position relative to each other.

c.. The background also changes position within the frame but at a different rate.

2. Analysis of the report reveals the following:

a. The sun was very high and slightly aft of the direction of flight.

b. The camera was aimed to the left and in a downward manner.

3. The only explanation we can offer is that the images were caused by the reflection of a round window or light within the aircraft. Such reflections on a double pane window would produce a double image.

ATTN OF:

DI

17 October 1961

SUBJECT:

Report of UFO

TO:

ATIC

1. In compliance with AFR 200-2, 14 Sept. 1959, the following UFO report is submitted. The usual format and reporting procedure is not followed in this report due to the circumstances of the event and the lateness of the report.

2. Mr. [REDACTED], an Instructor Technical Representative of [REDACTED], while on an official USAF trip to Eniwetok Atoll, took some motion pictures of the flight. While flying abeam Johnson Island, the original of the attached film was taken. He did not visually sight anything other than the island but when he developed the film upon his return to the ZI, he noticed the peculiar object that is apparent in this film. The original complete film roll is presently in the possession of DOOPI, this Headquarters.

3. The following data is submitted in accordance with paragraph 15 of AFR 200-2, subparagraphs follow format of subject regulation:

15a

- (1) oval
- (2) omitted
- (3) white
- (4) one
- (5) omitted
- (6) none
- (7) none
- (8) omitted
- (9) omitted

15b

- (1) see paragraph 2 above
- (2) omitted (see film)
- (3) omitted (see film)
- (4) appears straight
- (5) omitted
- (6) not seen visually
