[redacted] City, Okla.
Sept 17th, 1962

To Whom it may concern,

Last Friday, Sept 14th, I was visiting with my daughter on Lollyet 54th St. of this city. My grandchildren who were playing outside, called my attention to and object in the sky. With difficulty I observed the object which seemed to be a plane maneuver about fifty or sixty thousand feet up. There was no vapor trail. It tried to reach Tinker Field and the nates states line. It was about five P.M. and no one answered. Finally I got the newspaper on the phone and some one said that they would investigate it. I could not be definite about the height. But the late afternoon sun brought out the features to resemble a plane. I could not hear its motor

Very truly yours
