7. LENGTH OF OBSERVATION <u>not reported</u>	8. NUMBER OF OBJECTS <u>one</u>	9. COURSE <u>n/a</u>	
10. BRIEF SUMMARY OF SIGHTING Extensive news accounts of sighting flying saucer with green men. Witness 12 year old girl. Supposedly burned by ray guns from obj. Seen from school yard. Noon recess.		11. COMMENTS Girl contacted two days later and no burns apparent. Doctor contactd and burns attributed to conjunctivitus caused by windstorms, dust, etc. Cause attributed to the girls imagination following the Socorro sighting. Brns due to natural cause s(wind dust sun) On Page 11 of our September issue we described the strange case of _____, a 10-year-old Albuquerque, N. M. girl who received facial burns during a saucer sighting on April 28th. Now we learn that, according to her mother, little Sharon grew 5½ inches and gained 25 pounds during the next month, and even underwent a very noticeable personality change. Whether or not this is a direct result of the UFO sighting has not been established yet...

PUBLICITY OF THE SOCORRO UFO AND TOO MUCH ALCOHOL ACCOUNTED FOR
THIS UNIDENTIFIED REPORT. MR. [REDACTED] OF EDENWOOD, NEW MEXICO
JUST EAST OF ALBUQUERQUE ABOUT 33 MILES REPORTED A UFO 27 APRIL
AT 3:15. HE FIRED AT THIS OBJECT WHICH WAS 50 TO 125 FEET ABOVE HIM
AND SUPPOSEDLY HEARD THE BULLET RICOCHET OFF METAL. THERE WASN'T
ANY SOUND OR HEAT FROM THIS OBJECT WHILE HE WAS UNDER IT. I
CHECKED WITH THE STATE POLICE, WHO INITIALLY CONTACTED ME AND THEY
SAID THIS PERSON WAS DRUNK, BUT THEY COULDN'T ARREST HIM FOR
SHOOTING A GUN SINCE IT WAS ON HIS PROPERTY. ON 30 APRIL I TALKED
WITH [REDACTED], THE TEN YEAR OLD WHO WAS SUPPOSEDLY BURNED BY
A UFO SHE WATCHED ON 28 APRIL. HER ATTENTION WAS FIRST BROUGHT
TO THIS OBJECT BY HER YOUNGER SISTER WHO SAID "OH LOOK AT THE TWO
LITTLE GREEN MEN" AND POINTED TOWARD THE SANDIA MOUNTAINS NORTHEAST
OF ALBUQUERQUE. I TALKED TO DR. BEST, THE PHYSICIAN SHE WENT TO SEE
AND HE SAID THE GIRL HAD CONJUNCTIVITIS WHICH COULD BE CAUSED FROM
DUST, WIND, ETC. AND SLIGHT FIRST DEGREE BURNS OF THE NOSE AND

PAGE 3 RUUCKD 39A UNCLAS

FORHEAD COULD BE CAUSED FROM THE SAME CONDITIONS. THE DAY I SAW
HER, 30 APRIL NEITHER THE BURNS NOR THE EYE TROUBLE WAS APPARENT.
THE GIRLS MOTHER AND THE SOCORRO PUBLICITY TENDED TO DISTORT THE
GIRLS IMAGINATION. THE DAY SHE SAW THIS OBJECT IT WAS QUITE
WINDY AND DUSTY WITH NO CLOUDS TO OBSCURE THE SUN AND IT WAS
DURING THE SCHOOL NOON RECESS.

Extract from D.D. Book, 23 April 1964:

1000 Mrs Lt LaFollette called with 2nd hand info on U.F.O.'s.
Referred him to Major Conner.

1230 Mrs Marine Sgt Miller, P.O. Box 1463, Ruidoso, called with
U.F.O. report. Gave Major Conner's secretary the Sgts' phone no.
(OR-32927). Sgt Miller claims to have seen the U.F.O. through
"glasses". Object had very bright metallic appearance with oval
hump on left side.

2000 Mrs Informed by AFSWC Staff Duty Officer of U.F.O. report by
[REDACTED] Phone: [REDACTED] She claims that her child sighted and
was burned by (infra-red) a U.F.O. near Lowell School. (at about noon)
Tried to contact Major Conner. Having failed, called [REDACTED] and
promised to have her talk with Major Conner tomorrow (0700- 29 apr)
Informed Major Conner's secretary.

Signed: F. C. Tompkins, 2ndLt, USAF

Unidentified Flying Objects' Reports

SOCORRO — Dr. J. Allen Hynek, special unidentified flying object consultant for the Air Force, arrived in Socorro Tuesday night to begin his investigation of a Socorro report that he said was "serious in the object field."

Dr. Hynek said he hoped to talk to a policeman, Leonie Zamora, and then visit the site where Zamora says he saw the object this morning.

Dr. Hynek, of the Dearborn Observatory at Northwestern University, said he would decide whether to visit Espanola, where another object was reportedly spotted over the weekend, after his investigation of the Socorro incident.

He said he had not been advised by the Air Force if his presence here indicates that the government has eliminated the possibility of U. S. aircraft having caused the report.

Capt. Hector Guzmanilla, chief of the Aerial Phenomena Branch at Wright-Patterson Air Force Base, Ohio, said Capt. David Moody of the office already was in New Mexico and would assist Dr. Hynek in the investigation.

First Sighting
The most recent report of the object came early Tuesday morning from State Police Officer Tommy Richardson of the U-33 community of Moriarty.

He said he had a call from Don Adams of Edgewood, near Moriarty, who said of seeing an object about 100 feet off the ground. He said it appeared to be a fluorescent or green-colored glowing object.

Adams told the officer he drove his car under the object and the car stalled. The youth reported he then got out and fired six shots at the object, reloading and firing again.

The report was another in a series which have kept New Mexico and military authorities busy since Zamora's original report Friday. The report until Tuesday had come from points following a line from south of Truth or Consequences to an area near Espanola.

Space Police Halted
A. Dueson, the director of the Aerial Phenomena Re-

'Infra-Red' Burns Suffered by Girl Who 'Saw' Object

A 16-year-old girl was treated for "infra-red burns" on her face after she said she watched an "egg-shaped" object hovering near Lowell Elementary School Tuesday noon for about 10 minutes.

Young Sharon Stull, daughter of Mr. and Mrs. Marshall, 1400 Milmoore SE, told her parents and Police Lt. C. K. the "queer looking" object bounced up and down three times in the sky and then left.

Jolly said the girl's younger sister, Robin, 8, also saw the object but refused to look at it and ran off to play. The girl was treated by a physician for burns about the eyes and nose who, according to Jolly, said he believes Sharon "saw" something and it burned her.

Sharon said it was not the sun she was looking at. She told Jolly the object was in the northeast and the sun was behind her. Her parents said Sharon is very truthful.

Reported Over Wide Area

BY THE ASSOCIATED PRESS
State officers and the military are investigating more unidentified flying object reports.

The reports came from Socorro and the Espanola area.

State Police Capt. Martin Vigil said investigators from Kirtland Air Force Base at Albuquerque were to arrive in Espanola today after noting the similarity in the different reports.

All of the reported sightings are similar in that they describe oval or egg-shaped objects, flames surrounding the craft when on the ground, scorched earth and wedge shaped depressions that officers say appear

to have been left by some type of landing gear.

The latest report came from a Santa Fe resident, Orlando Gallegos, 35, who told of seeing an object early Sunday morning at his father's home north of La Madera, sitting in a gravel area.

State Police received a report from two men traveling in the same area Saturday night that a flying object, which they said definitely was not an airplane, had swooped down toward their car, then veered off.

At Socorro, where the first such report came Friday evening from a city officer, a motorist, George Miramonte of Albuquerque, told of seeing Sunday night "a luminescent thing, like an upside down bathtub, without lights except for a glow like exhaust underneath it, come up over the crest of the mountains and then go back down."

An unidentified girl, about 18, told Socorro officer Bill Pyland that she saw a fire in the hills south west of Socorro Sunday night, where city officer Leonie Zamora first reported seeing an "egg-shaped object" fly away from a draw. She said she went to within 300 feet to 500 feet from the fire when she thought she saw something in the flames. She then left to report it.

About the report from Gallegos, State Police Capt. Martin Vigil said, after visiting the site, "There was definitely something there."

"The ground was still smoldering 20 hours after the sighting."

Gallegos said he had gone out to chase away some horses when he saw the object. He said he was about 200 feet away when he first saw it.

Gallegos said there was no noise and as he watched, the flaming jets were turned off. He said he didn't see anyone or anything moving around the craft.

He said he returned to the house and told his family, but no one else ventured outside. Gallegos said he returned twice more to look at the object. He described it as being of bright metal, without windows, as long as a telephone pole and about 14 feet in circumference. It was egg-shaped, he said, and resembled a large butane gas tank.

Capt. Vigil said the ground was smoldering later Sunday and he found what looked like paw prints along with the depressions that indicate some type of landing gear.

The captain said he contacted Kirtland AFB and an unidentified officer there told him a team of military investigators was on its way.

State Patrolman Marvin Romero told of the Saturday night sighting by two motorists in the Espanola area.

Romero said the men told him they were driving from Albuquerque to Espanola when the flying object came straight toward their car. They said it veered away and all they could see was a jet stream of blue flame.

and she says it now has nearly 800 members around the world. She says there are some 6-12 landing incidences a year and she believes they are made by beings from another planet.

search Organization said she believes intelligent beings from another planet made several landings in New Mexico in the past few days.

"We are convinced the Socorro policeman saw what he said he saw," Coral Lorenzon, the director, said after her return from investigating the reported landing of a UFO near Socorro.

Mrs. Lorenzon said the sighting of an object northwest of Espanola early Sunday was similar to the one described at Socorro. She said she is investigating the other reported sightings during the past few days.

The organization was formed by Mrs. Lorenzon in 1952
