NATIONAL AERONAUTICS AND SPACE ADMINISTRATION WASHINGTON, D.C. 20546

M-C MAO 1450 IN REPLY REFER TO:

MAY 2 5. 1965

Project Blue Book Information Office HQ, USAF (SAF-OIPB)
Washington, D.C. 20030

Attention: Mrs. Sara Hunt

Gentlemen:

Enclosed, for appropriate action, is a letter from Mr. describing the sighting of an object in the sky. From Mr. description of the event, we are left with insufficient information for a positive identification.

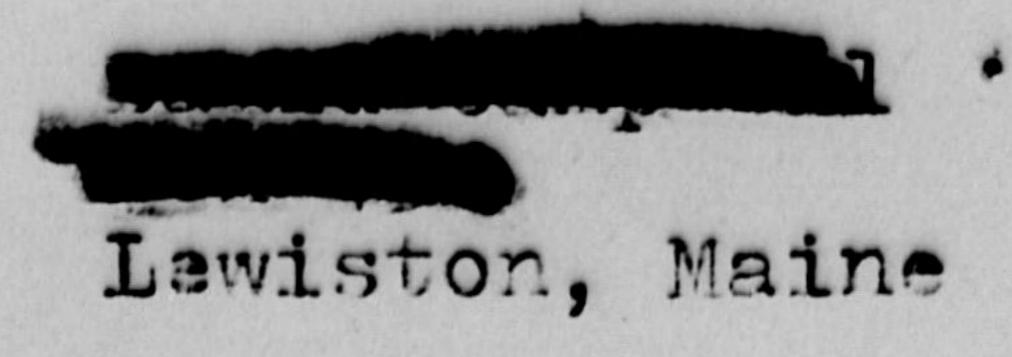

Sincerely yours,

Chief, Mission Planning Apollo Flight Operations

Office of Manned Space Flight

Enclosure: Ltr from Mr.

wiston, Maine

Dear Sir;

At 4:30 on May 1st, an object was sighted about 120 degrees above the horrizen. It at first appeared to be a star, but then started moving across the sky and blinking. It covered the distance to the horrizen in about a minute. It was sighted in Sabatus, Maine. The following is a diagram of it's path from its stationary point. Please advise as to what this object is.
