Washington, D.C., Sur Sher Dear Mr. Drown: last Summer, one Sunday morning I was driving from Sallhe to Sherman and between or pust beyond Melissa is Herman air field of traight ahead I when I saw a saucer type plane make a k turn, I was facing the air field. at Sherman and gave it little that I did mention it to ms. Who was riding in the front sent with me, he watched land in about 700 8 minuter he saw the same plane a make a v turn, same Color & same sige, I did not see the second plane due to leavy traffic. The Laucer type flane I saw was a draw Green color and was about 125 ft to 140 ft We both figured it was some experiment of the air force

and: gave it little thought the plane manwered wich little trouble and I lauch see the advantage of such a ship, it mude the ble turn in 4 to 8 space it would take a conventional jet. It seemed to be shaped like an umbulla and looket like it was about 12 to 18 ft. at the Thickest point. I saw no light, exhaust or windows Drak green ester about 11 A.M. The plane came in this form Hen mule a Hen levelelled off in their shapes Hen returned North. Their war cour, the air field of Sherman So I drapped the Thireely four
