Deer dina!

This is what I saw the other Mite While Driving home. The Mite Was Very clear, How Were out only a few small cloude when I saw this it was very low and traveling slowly. I could severy thing Very clearly. I stopped beside of the road and watched it more around in the sky for over 15 minutes. Then It looked like it Jendadin a wooded area. I waited awhile for it to rise into View again. But nothing hapfend.

So I started my Car and Continued to Onive on home. I did not see the object again that nite. Once before I saw an object in the Shy that looked blike this one But the Weather was slightly Misty Hoggy & I was not sure. But this time I saw it very clearly. I seemain \$ Oct. 66

Contact was made with Goodyear Corp. Akron, Ohio with a Mr. The Goodyear blimp was in the Louisville Mentucky area on 9 Sept. 66, thus could not account for the observation. The blimp has an advertising sign that measures 100 feet long and 14 feet high attached to the side of the craft. There are four lights that comprise the sign. The blimp flies in various parts of the country from time to time and uses the sign for various advertising.
