Sàlesman Chats With Space Visitor

PARKERSBURG, W.Va. (UPI) - With police and an Air Force representative listening, Woodrow Derenberger yesterday told of his meeting with a "spaceman" who did everything - short of ask him to "Take me to your leader."

However, the "spaceman" did - according to Derenberger — tell him: "Have no fear. We come from a country that is not nearly as powerful as yours. We

mean you no harm."

Derenberger, a salesman and father of two, held a news conference yesterday to relate the experience he said occurred about 7:30 p.m. Wednesday while driving home from Marietta, O., on interstate 77.

ATTENDING THE conference were local policemen and an Air Force representative who said he would report Derenberger's account either to Washington or the UFO investigative center at Wright-Patterson AFB.

Derenberger said the episode began when a "dark, long object" traveling about the same speed as his panel truck "cut in front of my vehicle and continued to travel at some distance sideways."

The object was charcoal gray in color, he said, "apparently made of some kind of metal and shaped something like an old kerosene lamp globe, having a flat bottom and a domelike top."

With no visible lights, it moved along "eight to 10 inches above the pavement, blocked the highway and

finally stopped," he said.

DERENBERGER SAID the side of the UFO then opened and a "man" stepped out, approached his truck and told him to roll down the window.

In a "five to 10-minute conversation," he said, the man communicated through "thought waves or mental" telepathy." Derenberger said his lips were closed in a fixed smile.

He described the "spaceman" as about six feet tall, 35 to 40 years old "by our standards" and about 185 pounds.
