Unidentified Flying Object Report SUBJECT:

> AFSC (FTD) Wright-Patterson AFB, Ohio 45433

- In accordance with AFR 200-2, the following information regarding reported UFO's is submitted:
- sighted an unidentified object during the month of December 1966.
- 3. Description of the object:
- a. The object looked like a hat, with a flat top and no windows or openings.
 - b. The object was about the size of a two-engine aircraft.
 - c. Only one object was sighted.
 - d. Object was copper colored, with a dull finish.
 - e. No trail or exhaust was visible.
 - f. No sounds were heard from the object.
- 4. Description of course of object:
 - a. The observer saw the object while standing in her back yard.
 - b. The angle of elevation was about 45 degrees.
- c. The object came from behind a cloud, remaining stationary for about a minute, then going back into the same cloud.
 - d. The object did not reappear from the cloud.
 - e. The object appeared NW of Mrs.
- 5. Manner of observation:
 - Ground visual was the method of observation.

FIRST IN TAC Anywhere - Anytime

- 6. Time and date of sightings:
- a. The sighting occurred during the middle of December 1966. Mrs. was unable to remember the exact day.
 - b. The sighting occurred in mid-afternoon.
- 7. Location of observer:
 - ve, Brandon, Florida.
- 8. Identifying information on observer:
- a. Mrs. years old; housewife, Brandon, Florida; source seemed reliable.
- b. Mrs has training in aircraft recognition, while civil defense worker in Cleveland, Ohio.
- 9. Weather:
- a. Observer stated that the weather was partly cloudy at the time of the sighting.
- b. No report on weather, since Mrs. could not remember the date as to the sighting.
- 10. Comments of Investigating Officer:

It is the investigator's opinion that Mrs. seemed rational. This office was not able to come to any conclusion as to the nature of the object sighted. The investigation was hampered by the fact that Mrs. could not remember the time or date of the sighting, plus her tardiness in reporting the object.

FOR THE COMMANDER

RAYMOND A. BRADLEY, Colonel, USAF iregtor of Operations
