Major Hector Quintanilla, Jr.
Wright-Patterson AFB, Ohio

Dear sir:

I am [redacted]. On June 27, 1967 I sent a report on a UFO I had seen in Kansas, but then I moved here. I would like to receive back all the material I sent you but since I have been told that you have been trying to contact me without results, I would think it best for you to send the material to a friend in Kansas whom I have corresponded without trouble. His address appears below and I would like you to send it without any questions or similar bother. If you have evaluated the report, fine, if not, fine too. Thank you.

Yours truly,

[redacted]

Dear Col. Quintanilla:

We are beginning the process of closing up the project shop! Here is a case file, returned from [redacted], which apparently originated with you, and which you requested returned - see your letter of December 21, 1967 to [redacted] As you will see from the handwritten notes it was not possible to locate [redacted] so I assume no analysis or study was made of the case.

If you have a record of other things that ought to be returned to your office it would certainly help me. The girls at Woodbury now have not been around long enough to really find things - Harriet has left; Roy has left - and I'm trying to tidy up.

Sincerely,

[redacted]

ATTN OF: OI

March 5, 1968

SUBJECT: [redacted] ilm

TO: Mr. [redacted]
Wichita, Kansas 67208

Dear [redacted]

I remember very clearly the entire matter of your friend's UFO film, which was submitted to me undeveloped. It was transmitted to Wright-Patterson AFB as you are aware.

I am attaching a copy of a letter I received in December from the Foreign Technology Division. In this letter Major Quintanilla indicates that they have tried to contact [redacted] to gain additional information and have had their correspondence returned after being marked "Refused." Please pass this information on to Mr. Villar as soon as possible. You noted in your earlier letter of 9 September 1967 that he had received my letter, but had not heard from Wright-Patterson. I made several calls to Wright-Patterson following your letter and obtained their assurance that they would write to Mr. [redacted] Union City, New Jersey. When they did attempt to contact him, the letter was refused..

As you can see from the letter, your friend, [redacted] can obtain his negatives from FTD if he will write to them and request their return. Perhaps he is not aware that somebody is refusing to accept his mail? In any case, there is no deliberate withholding of material or information on the part of the Air Force. The FTD people expressed in their letter that they would like to obtain more information about this case to make a determination on the photos.

Sincerely

James E. Elliott

Dear Mr. Elliott:

There is a large possibility that you do not remember the whole affair, but almost a year ago (May or June) a friend of mine [redacted] saw a UFO, took some still pictures of it, and sent them to you for evaluation with the undestanding that you would return them (it was an undeveloped roll together with a crude drawing). In turn, you sent it to Wright-Patterson base. That was a year ago. He is still waiting for the pictures. Needless to sey, he is very indignant at the turnout of events and has complained to everyone everywhere but nobody has done anything. Therefore, he asked me to request of you to send me the pictures along with the negatives, and the evaluation, and I will send it to him. Your speed is obviously appreciated.

Yours truly,

1. Reference the unidentified observation of Jefferson Villar on 27 June 1967 and subsequent photographs. We have attempted to contact Mr. [redacted] for additional information on his sighting, however, correspondence addressed to Mr [redacted] was returned with the notation "Refused." His case is being carried in Air Force files as "Insufficient Data for Evaluation."

2. We have forwarded Mr [redacted]s original negatives to the University of Colorado for their investigation. Upon completion of analysis they will return his negatives to our office, where they will become a part of the permanent files until Mr [redacted] contacts us for their return.

Mr. [redacted]
Union City, New Jersey 07087

1. Reference your unidentified flying object (UFO) observation of June 27, 1967 and subsequent photographs. Your film was received by the Aerial Phenomena Branch (Project Blue Book) at Wright-Patterson Air Force Base, Ohio for analysis. This office has the Air Force responsibility to investigate UFO sightings throughout the United States.

2. Your film has been developed and is being forwarded to photo analysis personnel for a detailed analysis. However, before the photo experts can perform a comprehensive analysis additional information is necessary. Request you complete the attached FTD Form 164 and photographic data sheet and return them in the envelope provided. Upon completion of analysis we will return your negatives, with one print, to you with our findings.

3. Please excuse the delay in requesting additional information, however, at times a slight backlog in photographic analysis does exist. Thank you for reporting your observation to the Air Force.

JUNE 29, 1967

Sir Thomas;

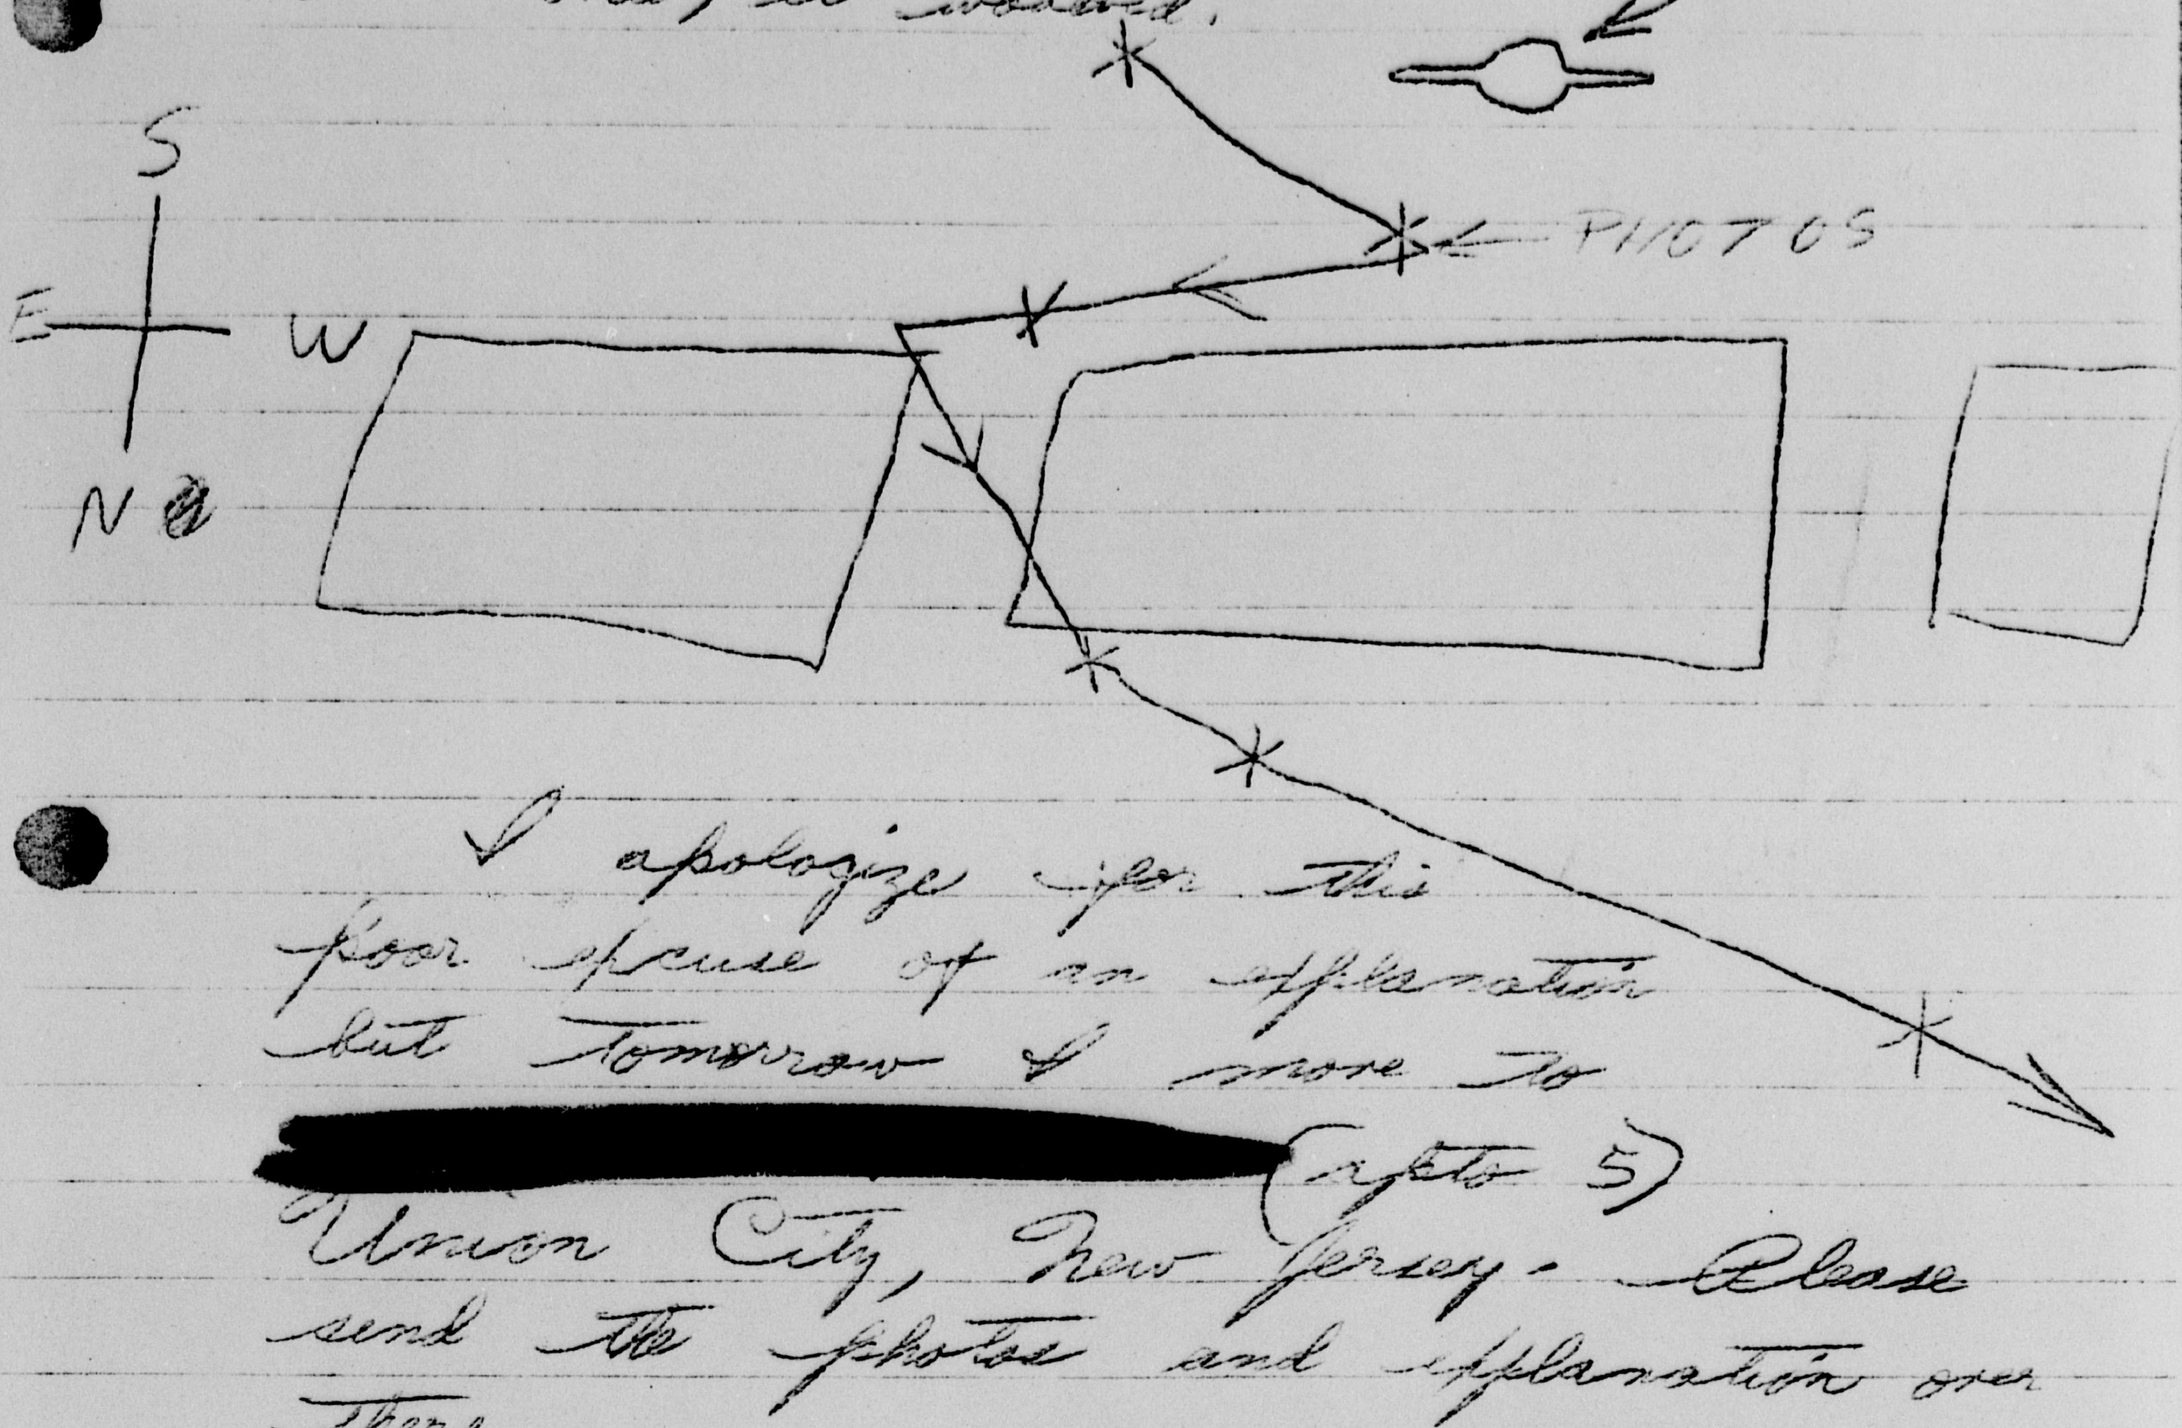
I came out of my house and looked up to see a UFO hovering and wobbly at the same time. It was 2 P.M. and I was looking towards the south. I came in and bought out my camera and snapped the first picture, then I moved towards my left as the 15 foot UFO moved towards my right. I snapped the second picture. It moved to the right again. I snapped the other one.

It made no sound.

The UFO moved again to the left (all this moving in angles). I raced to the alley and I think I caught it as it was whipping past. I came out from behind the trees while moving to roll again. I snapped another. It hovered for a few minutes, then sped to the northwest until it disappeared.

It reflected the sun, was the shape of two saucers placed one upon the other, was the size of a grapefruit at arm's length, nobody saw it around the neighborhood, but I can't estimate the speed at any time.

I saw the objects the twenty-seven of June. It looked like this: When it moved, it wobbled.



I apologize for this poor excuse of an explanation but tomorrow I move to [redacted] (apto 5) Union City, New Jersey. Please send the photos and explanation over there.
