SEP 1 3 1967

ATTN OF TD

TDET/UFO

SUBJECT

UFO Observation 6 Sept 67

TO:

Mr. Cincinnati, 15, Ohio 45215

Reference your unidentified observation. The information which we have received is not sufficient for a scientific evaluation. Request you complete the attached FTD Form 164 and return it in the envelope provided. Thank you for reporting your observation to the Air Force.

JAMES C. MANATT, Colonel, USAF Director of Technology and Subsystems

1 Atch FTD Form 164 w/envelope Subject: UFO Sighting, 6 September 1967, Cincinnati, Ohio

Mr. Cincinnati 15, Ohio and his neighbors observed an unidentified flying object at 950 pm. Mr. said he was intriqued at what he saw. The duration of the sighting was at least twenty minutes long, his next door neightbor observed the object while walking his dog. He and his son put binoculars and telescope on the object. The object looked like somebody reached down and put the object out. The object never changed position, it was in the west, 270 deg az and 75 deg elev. The object was perfectly stationary. The pulsating was similar to that of a lightning bug but not quite the same. Mr gave his boy and the neighbors boy a pencile and they all drew the same think. It looked like the bottom of our space ships, with cracks in the surface, similar to that of a volcance. Mr. said he didn't know if anybody was aboard but he sure would like to know what the object is. Mr. The feels that the people in this country are not crazy and that the Air Force has been a little pooh pooh about the sightings. Mr. seed to be in the Air Force. Mr. s glad that the University of Colorado is doing their own independent evaluation and investigations into UFOs. Major Quintanilla said he would send him four copies of FTD Form 164 so that he and his neighbors could complete them and return them in the self-addressed envelope.
