The edges, from what I could see were fuzzy. As I said before, the object looked to me like it was elliptical shaped. The only comparisons I could think of would be ① the 2 landing lights on a plane, stuck close together, or ② a big searchlight in the sky. The object was a bright white or

15. DRAW A PICTURE THAT WILL SHOW THE SHAPE OF THE PHENOMENON. INCLUDE AND LABEL ANY DETAILS THAT MIGHT HAVE APPEARED AS WINGS OR PROTRUSIONS, AND INDICATE EXHAUST OR VAPOR TRAILS. INDICATE BY AN ARROW THE DIRECTION THE PHENOMENON WAS MOVING.

NOW IF YOU HAD BEEN ABLE TO PERFORM THIS EXPERIMENT AT THE TIME OF THE SIGHTING, ESTIMATE WHAT FRACTION OF THE PHENOMENON WOULD HAVE BEEN COVERED BY THE MATCH HEAD.

About 1/8th of the object would have been covered. It looked to me like the object was about 30 or 40 feet in diameter.

14. WHAT DREW YOUR ATTENTION TO THE PHENOMENON?

Well at first I was watching the movie I took my eyes off of the screen to take a look around. When I did this I saw this bright white light heading straight over the theaters screen. At first it, or I thought it was just the landing lights of a plane, but then it occured to me that they were too close together to be landing lights. This way no running lights on it either, and besides it wobbled and zig-zaged.

A. HOW DID IT FINALLY DISAPPEAR?

I don't know really because I took my eyes off of it about 3 times to glance at the picture, then I would quickly look back at it. The last time I looked for it, it was gone completly. Then I looked towards the airport to see if a plane was comming in to land, but there were no planes. My opinion is, is that it organized control and speeded off.

B. DID THE PHENOMENON MOVE BEHIND OR IN FRONT OF SOMETHING, LIKE A CLOUD, TREE, OR BUILDING AT ANY TIME?
☒ YES ☐ NO. IF "YES," DESCRIBE.

As it came over the drive-in a couple of pine tree's blocked my view of the object for a moment, then it was clear and I could see the object perfectly again.

22. HAVE YOU EVER SEEN THIS OR A SIMILAR PHENOMENON BEFORE? ☒ YES ☐ NO. IF "YES," GIVE DATE AND LOCATION. I saw one over cathedral city on July 10, 1968 and a near mid-air collision with a UFO, that's on the same night. It would have been a real late if it might if it was. But I'm sure it was th

23. WAS ANYONE WITH YOU AT THE TIME YOU SAW THE PHENOMENON? ☒ YES ☐ NO. IF "YES," DID THEY SEE IT TOO? ☒ YES ☐ NO.

A. LIST THEIR NAMES AND ADDRESSES

I couldn't get their names or adresses because they left the drive-in before I could get to them. They left right after they saw it. I guess they were afraid or something.

LAST NAME, FIRST NAME, MIDDLE NAME [redacted]

ADDRESS [redacted] CALIFORNIA 922[illegible]

TELEPHONE [redacted] AGE 17 ☒ MALE ☐ FEMALE

I can't think of any additional information that I can give you, except that it was there and I saw it, and it looked real enough to me to be some kind of space craft from somewhere besides here on earth, I have no occupation. I just take any job that I can and that I feel I can handle. Student

20. IN ORDER THAT WE MAY OBTAIN AS CLEAR A PICTURE AS POSSIBLE OF WHAT YOU SAW, DESCRIBE IN YOUR OWN WORDS A COMMON OBJECT OR OBJECTS WHICH, WHEN PLACED IN THE SKY, SIMILAR TO WHERE YOU NOTED THE PHENOMENON, WOULD BEAR SOME RESEMBLANCE TO WHAT YOU SAW. DESCRIBE SIMILARITIES AND DIFFERENCES BETWEEN THE COMMON OBJECT AND WHAT YOU SAW.

As I said before it looked like the 2 landing lights of an airplane, but closer together. Or a big search light in the sky.

21. DID YOU NOTICE ANY ODOR, NOISE, OR HEAT EMANATING FROM THE PHENOMENON OR ANY EFFECT ON YOURSELF, ANIMALS OR MACHINERY IN THE VICINITY? ☒ YES ☐ NO. IF "YES," DESCRIBE.

At one point as I watched it go over the theater I thought I heard a rocket or jet engine blast or try to start. It sounded more like a rocket engine trying to get going.

A. DID THE PHENOMENON DISTURB THE GROUND OR LEAVE ANY PHYSICAL EVIDENCE. ☐ YES ☒ NO. IF "YES," DESCRIBE.

report what they saw, or have written down what they saw and scared to turn it in, maybe I can get them to tell me about it and I could send in the information on what they saw. This way no one can ridicule them or anything for reporting it. The only one they could ridicule would be me, and I can take or leave it, it doesn't bother me reporting sightings for me or anyone else, so if you want me to I'll help you in your collecting of information about sightings in my area of the Coachella Valley.

Thank You Very Very Much, Sincerely Yours,

P.S. I hope that I can be of assistance.

Please reply. Thank You Again,

27. INFORMATION WHICH YOU FEEL IS PERTINENT BUT WHICH IS NOT ADEQUATELY COVERED IN THIS QUESTIONNAIRE. ALTERNATIVELY PROVIDE A NARRATIVE EXPLANATION OF THE SIGHTING.

This doesn't have anything to do with the above question, but I thought maybe that I could help you in your collecting of reports of sightings in my area. I am or I try to be a researcher on this matter, or subject. I try to get all that I can on this matter and then some. I don't know if you know this or not but Eva Gabor saw some UFO's when she was vacationing in Hawaii. I tried to get a first hand report on what she saw, but have received no answer or reply. I guess you beat me to it and told her not to say anything about it. But I thought that I could help and send you reports of sightings from people who are afraid to report them to you, because of fear of ridicule and embarrassment by their friends and the public. I have some reports of sightings in my area that maybe you don't have, and if you would like to look them over I would be happy to send them to you.

I'd be happy if I could help you in this way & would be most happy to send you reports of sightings in my area. If the people are afraid to

JUL 23 1968

Dear Mr. [redacted]

This will reply to both your letters postmarked July 18, 1968, in which you describe your sightings of unidentified flying objects (UFO's).

Without additional information, we cannot offer an explanation of either of your sightings. However, if you will complete the attached questionnaires and mail them in the inclosed envelope, our technical people at Wright-Patterson Air Force Base, Ohio, will be able to investigate further and make an evaluation.

Should you ever sight another UFO, please report it as soon as possible to the nearest Air Force base. Each base in the United States has a UFO investigator, who is in a better position to make an on-the-spot investigation, which usually results in a more accurate analysis.

In the meantime, you might be able to identify the sightings yourself by looking at the categories of objects often reported as UFO's in the Project Blue Book report we are inclosing.

Sincerely,

JAMES H. AIKMAN

Huntington beach (California) from what they told me from the discription of it and the way it acted, it was round in shap and moved up, then down, left than right, like a plus sign. After this moving about it speed up and away at fantastic speed. We were living in San Clemente California and were coming from the races at long beach California. We now live in Thousand Palms, California. I am 17 year's old and I do believe in "flying saucers" or UFO's as you might call them.

I have a friend who both him and his mother have talked with a UFO. From what he told me, the object would only answer "yes or no" questions.

We tried to use binoculars so he could see it better, but every time he even thought of using them the object would disappear and then reappear a short time later.

Dear Sir or Sirs,

I have spotted a UFO in the sky over Cathedral City. The time was 10:45 P.M. It appeared between two stars, equally between them. As I watched the object, it moved from right to left. It stopped for a moment and then, then went in a complet circle and stopped again in the same place that it was originally in. I was walking my dog at the time I seen it.

At first it looked just like another star. But as I watched on, a red lite and a white lite blinked off and on, then it went into the manuevers I explained above.

I watched it for about 5 or 10 minutes. Again it moved from side to side and back to its' posetion. It stayed there, and was still there when I went in.

My parents have seen a UFO hovering over the ocean off

take off and then return latter.
He's seen this thing very fre-

to me. It too looks like a star in
the sky, but it moves because I've

but he has and so has his mother
like I said before. It answer's
by moving up and down if it's
yes or from right to left if the
answer is no. He didn't tell me
the questions that he and his

you the size or shape of the ob-

like no plane I've ever seen.
Like I said before I do believe

it won't be the last. Could you

Dear Sir or Sirs,

On the night of July 17, 1965 I saw two unidentified objects almost collide in mid-air. It seemed like they missed by inches. Neither one of them made no attempt to get out of the way. The first object was traveling by itself at a high rate of speed. The second object came upon the first object so fast that I don't see how they missed each other. Right after the near accident, the first object disappeared from sight. I tried useing binoculars but couldn't find it again. The second object the was still in sight for about ten seconds more. It had red and white light blinking off and on. At first I thought it was an airplane, but it disappeared right away too. At no time did I hear any sounds of engines or motors

Dear Mr. [redacted]

This replies to your letter postmarked August 5, 1968, in which you state that you have seen another unidentified flying object (UFO), but did not know how to report it to the nearest Air Force base.

We are inclosing another questionnaire and an envelope so you can send a report of this sighting to Wright-Patterson Air Force Base, Ohio. Also inclosed is a list of Air Force bases in the United States and their addresses. In the future, please try to report your sighting as soon as possible to the UFO Investigating Officer at the nearest Air Force base.

an towards the driveway as I said before, and I thought it was. The plane making another pass but it wasn't, it just kept coming straight over the driveway. I stopped watching the picture, so I could watch this thing. I watched and listened. It was or seemed to be crippled, because it was, stopping and going, wobbling back and forth, and dipping downwards at times. It was also zig-zagging. I took my eyes off of it for a minute to look around quick to see if anyone else was looking at it. There was a car parked by himself with two or three people sitting outside the car. I was sure I saw the woman, or what looked like a woman point up into the sky and look up. I turned and went on watching this object. I could not hear any noise coming from the object. It was

Dear Sir or Sirs,
I have seen another
flying saucer, this time
it was over the Palm Springs
drive-in. It was Wednes-
day July 31, 1968. I left for the
drive-in early so I could
get something to eat. The
show started around 8:00
8:15 o'clock. It was about a
quarter of the film left
when I was distracted by
a bright white light
coming straight towards
the drive-in. At first I
thought it was the land-
ing lights of an airplane,
because about two or three
planes landed or were about
to land, and I think three
were taking off. One big
plane a boeing circled
circled the air field, and on
its circle came over the
drive-in. The airport is

when I last saw it. It just
zipped away and was gone in
a flash. It couldn't have
been a plane because the
way it was traveling it
would have been to far
away from the run-way.
The object went over and I saw
past the dairy-in before
it disappeared. The shape of
the object was like a disc,
or elliptical shape. It was
about 30 or 40 feet in diameter.
It flew very low to the ground,
I'd say about 2 or 3 or maybe
4 thousand feet above the
screen of the dairy-in. I
did not see any plane land
before the light disappeared.
I was sitting on the hood
of my car all the time I
observed this object. The car
was not moving. Now I
know you told me to send
all further letter's of sight
ings of UFO's to the nearest
airforce base. I could not get
