

PRIMARY CODE: UNIDENTIFIED AERIAL PHENOMENON

Date: 01:40 03/02/2023Paged: NO

Status: Closed

POD: DEN

Reporting Facility: MCI

REMARKS

Excelsior Springs PD, who observed and reported an unidentified aerial phenomenon 2.5 NM NW of 3EX. The unknown phenomenon was very large and grey with white lights. The object was reported as stationary for over an hour and very high in altitude. 0219 ATSC requested FFT647, who was in the area, to provide a report. PIC believes the lights are "space junk" or "satellites".
