

PRIMARY CODE: UNIDENTIFIED AERIAL PHENOMENON

Date: 11:08 04/10/2023	Callsign: UPS49	Origin: RKSI
Status: Closed	Aircraft: B763	Destination: ANC
POD: DEN	Tail Number:	New Destination:
Reporting Facility: ZAN	Operator: UPS	Operator Type: Commercial
		Paged: YES

REMARKS

Aircraft reported an unidentified aerial phenomenon off the left side while ENE bound at FL350, 148 NM NW of SPY. The unknown phenomenon was a bright white light unknown altitude above them. AJT1020, B767, RKSI to PANC at FL330 also reported same light. This is consistent with a train of Skylink satellites traveling over Alaska.
